„the ship“

After huge changes on our planet earth,
the people from Atlantis decided to launch
„the ship“.

• the ship...

Merlin, the wizard, Oxypetl, the real emperor of the Mayas and Tut Ench Amun, called TEA, are on board „the ship“.

• *showing the four elements of nature...*

Their spiritual message will be received through Kewani. He is able to bring his friends Aretha, Li Xi and Tom right on schedule to the place where the huge ship from another planet will come in.

• earth, water, fire, air...

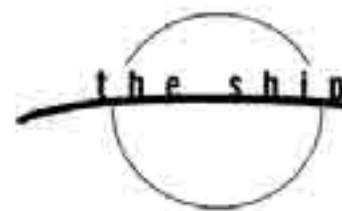

Tentonia: Landbased Entry Attractions - Birdseve View

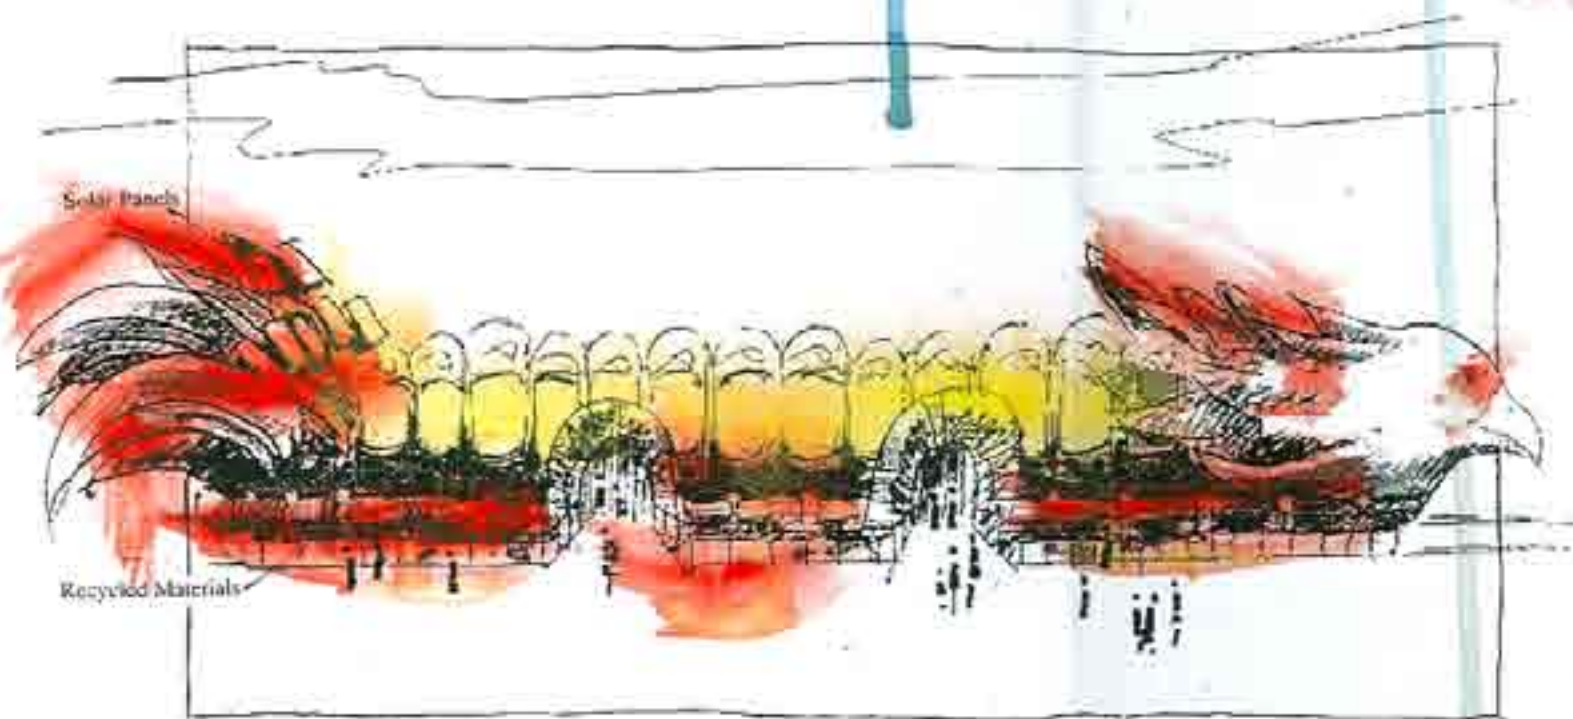

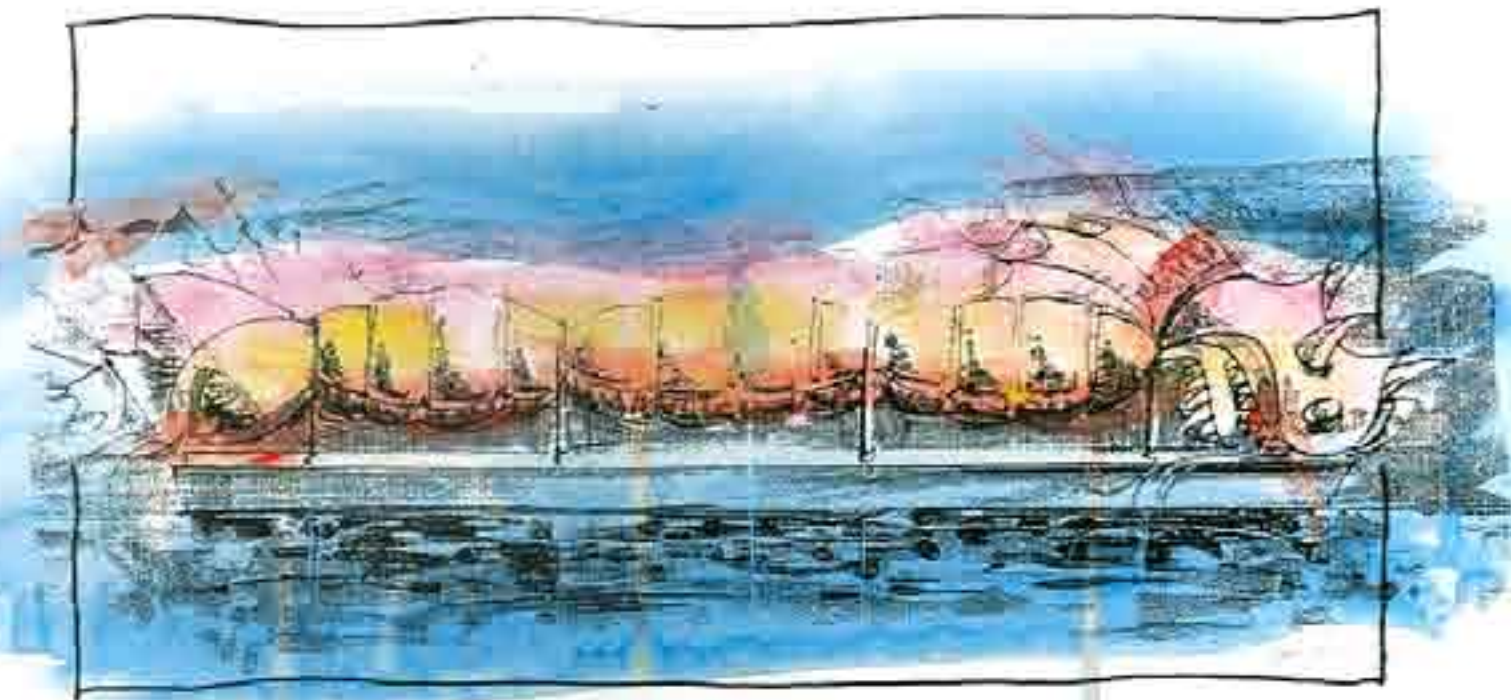

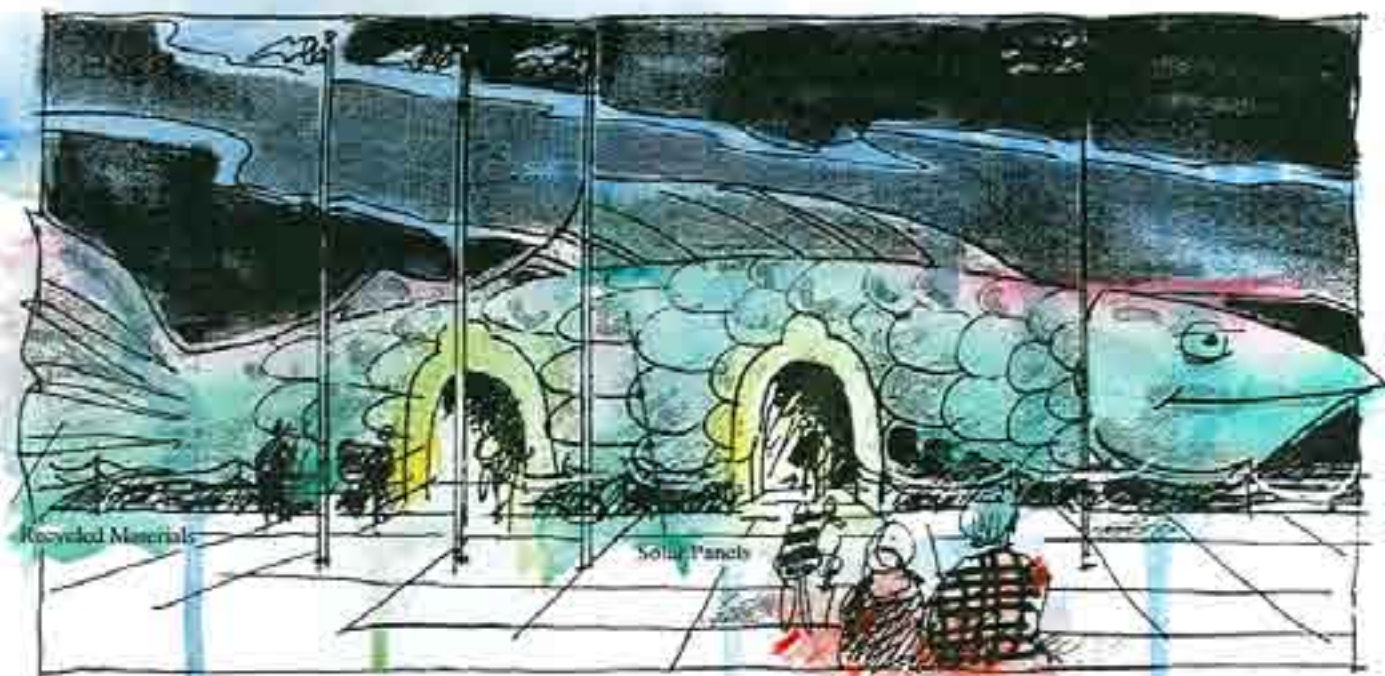

• *ecotainment as it's best...*

After they hesitated first, they now enter „the ship“. Here, the four elements of nature go crazy. In presence of the friendly Atlantis-people, the four involuntary adventurers explore the real wonders of mother earth.

• in different shapes
around the world...

• moving from one major port to the other...

„the ship“- Project Description

EARTH, WATER, FIRE, AIR

The four elements based themed attraction built on a tailormade two level 400x100 feet barge called „the ship“.

„the ship“ travels from one major port city to another around the world.

„the ship“ – „the fleet“ – „the mother base on top of Atlantis“.

„the ship“- Service

Walk through TENTOPIA. Enjoy HOT SPOTS, TRASH TRAVEL, EARTH NAVIGATOR, PEGGY & THE PLANKTONS.

„the ship“ will include dark rides, specialized movies, interactive games, motion based simulators, interactive displays, food and beverage.

The concept is based upon a 60'000 SF venue.

„the ship“- Market

More than 90 % of the world's population live near the beach. Prospective visitors include tourists in large port cities and local residents.

First year attendance is projected at 1 million.

The growth rate of „the ship“ is based upon how many ships can be built and how many port cities can be visited in a given time frame.

There is no direct competition.

„the ship“- Financial Data

Investment:

Ideas, concepts, construction, implementation for the first ship: USD 40 Mio.

Annual Revenues:

Entrance fees, F&B, gifts: USD 30 Mio.

„the ship“- Management Team

The key idea person to maintain the thrust of the project and keep it fresh is Charles Romeo Kobelt, located in Switzerland.

He is an award winning PR consultant and worked for clients such as WORLD WIDE FUND FOR NATURE (WWF), THE SWISS FEDERAL DEPARTMENTS OF ENERGY AND ENVIRONMENTAL PROTECTION, HEWLETT-PACKARD.

Mr. Kobelt is also husband, father, godfather, writer and musician.

The team will be individually built with the appropriate people around the world.

The group walks through those crazy elements holding direction properly. There you can see Oxypetl's dress moving away. A sweet dust covers „the ship“.

„Now“, TEA grins to Merlin: „mother earth will make them wonder.“
